Honoring Our Past While Embracing Expansion

Presidential Term: 2024

My favorite color:
blue — it's calming, clear, and versatile. It works just as well for deep focus as it does for creativity.

If I could have any superpower it would be the ability to pause time.

My favorite aroma:
Fresh rain. It's grounding and quietly energizing at the same time.

One movie I never get tired of watching is: Groundhog Day

One thing I always wanted to learn: to cook at a truly professional level — creating dishes from scratch with confidence, intuition, and creativity.

My favorite snack food:
popcorn

If I were going to karaoke, I would be singing:
"Sweet Caroline" by Neil Diamond

This book had a profound impact on me:
"Atomic Habits" by James Clear

Great advice I once received:
"Focus on what you can control, and let go of the rest."

What I love most about LACPA:
The sense of community — people genuinely supporting one another's growth, learning, and success.

Dr. Peyman Raoofi,
I appreciate you!
