PAST PRESIDENT SPOTLIGHT

Dr. Kenneth Skale

Honoring Our Past While Embracing Expansion

Presidential Term: 2020

My favorite color is green because it's the color of life, and my eyes are also green.

If I could have any superpower, it would be to have an infallible bullshit detector. 😉

My favorite aromas are old books and the air right before it rains.

One movie I never get tired of watching is *The Lion King*.

One thing I always wanted to learn is in-depth world history.

My favorite snack food: Oreos

If I were going to karaoke, I honestly have no idea what I would be singing, most of the music I listen to has no words.

This book had a profound impact on me: *The Master & His Emissary* by Iain McGilchrist.

Great advice I once received was to believe none of what you hear and only half of what you see.

What I love most about LACPA: connecting with others. I have made so many friends over the years through LACPA!

Dr. Kenneth Skale,
I appreciate you!
