PAST PRESIDENT SPOTLIGHT

Dr. Lynne Steinman

Honoring Our Past While Embracing Expansion

Presidential Term: 2018

My favorite color is aqua, because it reminds me of swimming pools on summer days.

If I could have any superpower it would be the ability to communicate with my dog, because I want to understand what life is like from her perspective.

My favorite aroma: Linden.

One thing I have always wanted to learn more about is cultural and medical anthropology: how people across history and around the world think and have thought about health, illness, healing, and daily life.

One movie I never get tired of watching is *Princess Bride*.

My favorite snack food: Reese's Peanut Butter Cups.

If I were going to karaoke, I would not be singing.

This book had a profound impact on me: *Dune* by Frank Herbert.

Great advice I once received was that you don't need to finish your work before you play.

What I love most about LACPA:
the deep connections with others, the sense of acceptance & support from them.

Dr. Lynne Steinman,
I appreciate you!
~jaz | 2026 LACPA President
