A Professional Psychology
Corporation

Dear Colleagues,

I became a CA Licensed Psychologist in 2007. I was previously licensed in AZ in 2002.

My practice is located in Glendale where I provide services for children, adolescents, and families.

Additionally, I provide individual therapy to adults.

I primarily work from a CBT approach and offer play therapy for younger children.

I have served on the LACPA Board since 2016 and was President in 2019. I enjoy volunteering my time to serve as a leader for our profession.
